

PRODUCT INFO

DOMETIC OCEANAIR SKYSOL TRACK SMALL

Skysol Track Small is perfect for those tricky curved recesses, commonly found on companionway doors. The inbuilt gliders slide smoothly down custom-made curved tracks, ensuring the blind operates effortlessly every time. Choose light filtering honeycomb fabric for a warming ambience or blackout honeycomb fabric for complete privacy.

CUSTOMISED BLIND FOR TRUE CONVENIENCE

Doors and companionways are often forgotten as a point of light and heat entry. With contemporary yacht design increasingly incorporating glass doors, there is a need for blinds to help keep the saloon a cool and comfortable temperature. The Dometic Oceanair Skysol Track small also adds privacy and acts as a separation between the indoor and outdoor space. It can even be used on curved windows. Its powder coated aluminium hardware has a stylish look, while custom-made aluminium tracks make operating the blind smooth and simple.

BENEFITS WITH SKYSOL TRACK SMALL

- Dual fabric option available to combine privacy and blackout fabrics
- Powder coated aluminium hardware for a stylish finish
- Choice of privacy or blackout honeycomb fabrics
- Moving rail controls the adjustable blind position
- Available with co-ordinating handles
- Suitable for use on curved windows
